

Thank you for purchasing a license to use this set of high-quality profiles for the Kemper-Profiling-Amp.

You can freely use this profiles to create any kind of music, soundtracks or even #1 hits or whatever you like.

As with similar products - all profiles are copyright protected by law - you do not own them - you purchased only a license to use them.

A part of your name and/or your ordering number may be stored in the profiles.

Please support our work by NOT sharing this profiles or any modifications of them.

Note:

Please make a backup of your own profiles before you install any of the profiles from this pack.

Please do not rename or modify any of the profiles with an external editor since it could crash your Kemper.

(This is true for all profiles/rigs not only for ours)

How to install?

- 1) Prepare a USB stick according to the user manual
- 2) On the USB stick you'll find a folder 'Shared' (if not - goto step 1)
- 3) Copy the profiles you like to import into this folder (do not create any subdirectories)
- 4) Import the profiles/rigs according to the user manual
- 5) You'll find your new profiles/rigs by User ('Soundside.de')

Profiles of a Tech21 SansAmp PSA 1.1 at various settings.
Feel free to add effects to your liking.

Directory '01-Raw-Profiles'

=====

Here are ALL factory presets 01-48.
(Check the included file SansAmp.jpg)

We named the profiles like this:

SANS xx yyyyyyyyyy
SANS = Sans Pack
xx = Preset Number
yyyyyyyyy = Preset name (same as from Tech21)

Some names are registered trademarks and or names from artist - which are in no way associated or affiliated with Soundside.de

Directory '02-Mods'

=====

Here are some modifications of the above profiles created by us.

'Kemper' / 'KPA' / 'Kemper Profiling Amp' are registered trademarks of the Kemper Corporation.

All trademarks are trademarks of their respective owners, which are in no way associated or affiliated with Soundside.de

These trademarks are used solely for the purpose of describing certain amplifier / speaker tones trying to produce with our profiles
